

Over the Easter holidays we hope to see some of our friends and family.

Our family are special to us. The children will be sharing their family photo cards with Pre-School friends and talk about the special events they remember.

## Literacy

Over the last few weeks, we have read a variety of new and exciting stories. At story time we will look at some of our favourites and as we read them, we will try to remember what happened next.

## Maths

Focus Shape- oval

We will be subitising (recognising patterns and guessing how many, without counting) using Easter eggs.

How many eggs can we fit inside different sized containers?

Which holds the most?

## Learning @Pre-School

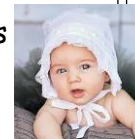

### Our Special Words

**Easter** - The time for celebrating new life.

**Easter egg** - a decorated, coloured or chocolate egg given as a gift for Easter.

**Bonnet** - a hat made of fabric that is tied with a ribbon under your chin.

**Hot cross bun**- A bun marked with a cross on the top and eaten at Easter time.

### Makaton Signs

Stop

Help

Toilet

Sit down

## Being Physical

We will move around like different animals; hopping like rabbits, jumping like lambs flapping wings like chickens.

Who will find the most eggs on our egg hunt around the field?

We will enjoy singing songs for family at our Easter Bonnet Parade.

## Being Creative

Focus: Colours of the rainbow

We will be looking back at our season's booklets and thinking about the new growth we have seen on our spring walks. What do we need to add to our trees to change them from winter to spring?

## The World Around Us

We will be thinking about how our tadpoles hatched from frogspawn and how quickly they are changing and growing to become frogs. We will draw pictures of this in our life cycle booklet.
