

Year R

WEEKLY LEARNING

Information about some of the things we will be learning in the week beginning 13th September 2021

Even in the incredible heat last week the children completed their first week of school successfully and we are already seeing their confidence grow as they become more familiar with the routines of the day.

We had our first singing assembly as a year group and began learning to sing 'Our God is a great big God'

We are aware that some items of uniform are getting muddled. Please be assured staff spend a long time matching uniform to children every day and we always ensure that children have the correct belongings as we are getting ready and we will continue to do so. However, as the children are very young and at this point in the year also very tired at the end of the day, despite our best endeavours they fiddle, forget or pick up the first blue thing that they see as they leave. Please help us to support getting everything back to you each day by labelling everything in an obvious and clear place. Thank you if you have already done so. Please return anything to school that doesn't belong to your child so we can attempt to reunite it with the correct owner as quickly as possible.

We have another busy week planned this week and many of our activities will focus around the story of Mrs Wishy Washy!

P.S.E.D (Personal, Social and Emotional Development)

This week we are going to focus on our class rules and think about what they mean.

Our class rules

- Be Kind
- Listen to each other
- Keep our classroom tidy
- Walk inside
- Try our best

Communication, Language and Literacy

This week our learning is going to be based on the story of Mrs Wishy Washy who gets very upset when her farm animals get muddy. We are going to retell the story in lots of different ways using language from the story. We will also be talking about farms, farm animals and their young.

Physical development

We will be learning to follow instructions safely when exercising and learning to side step when we pretend to go on a bike adventure.

TOPIC

(Understanding the World, Expressive Arts and Design)

We will be using different media to create farm animal artwork including felt, fur fabric and paints.

We will be exploring the textures and smells of different soaps and washing our own muddy animals

R.E

This week in R.E we will focus on the importance of our names and listen to the words

Isaiah 43:1-2

God says:

You are precious to me. I love you.

I know you

I know your name

I call you by your name. You are my child.

Maths

We will learn to spot when things are the same or different and say when they match by playing snap!
You could try this at home too
