

# Year R

## WEEKLY LEARNING

Information about some of the things we will be learning in the week beginning 1<sup>st</sup> November 2021

We hope that everybody had a lovely half term break and are really looking forward to having the children back in school!

### P.S.E.D. (Personal, Social and Emotional Development)

This week we will be learning about the festival of Diwali and how it is celebrated. We will compare this to our own experiences of celebrating.

### Communication, Language and Literacy

This week we will be learning the story of Rama and Sita and finding out about how this relates to Diwali. We will also be talking about fireworks and describing the colours and noises that they make. We will begin to write the first sound in some of those words. For example, p for pop

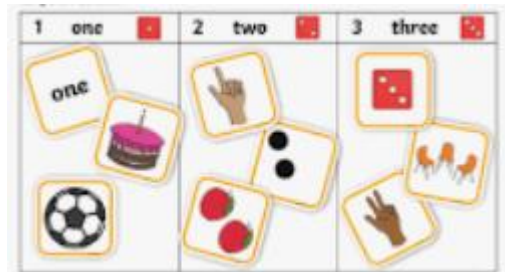

### R.E

We will finish our topic of 'welcome' by celebrating all the things we know and remember about being welcomed into God's family through baptism.

### Maths

In our maths sessions this week we will focus on the numbers 1, 2 and 3 and all the different ways that these numbers can be shown and represented.

### TOPIC

(inc UTW and EAD)

We will learn about how people prepare their homes for Diwali by cleaning and decorating and re-enact this in our role play.

We will also use clay to make our own Diya lamps as part of our Diwali celebrations.

We will explore colour and shape by making firework pictures using paint, chalk and glitter

### Physical Development

We will listen and dance to different types of Indian music and make simple dance routines by linking movements together.

We will also practise moving our bodies in different ways by pretending to be fireworks.
