

# Year R

## WEEKLY LEARNING

Information about some of the things we will be learning in the week beginning 29<sup>th</sup> November 2021

### BOOK BAGS

Paper letters and communication will be given to your child to carry home to you in their book bag. Please make sure you check them daily so that you don't miss any important information. Any work that your child completes i.e. drawings and paintings will also be sent home in the book bag. We ask that you would empty the book bag regularly as a slimmer book bag helps your child to fit it in their tray more easily.

### Personal, Social and Emotional Development

This week we will continue to explore how to resolve simple problems with our friends by pausing, talking and listening to each other. We will continue to learn that friendships are about give and take through stories and the use of puppets!

### Maths

In Maths this week we continue deepening our understanding of numbers 4 and 5 by finding 1 more and 1 less than numbers up to 5. We will use different resources to explore this including cubes, counters and tens frames.

### Literacy

In literacy this week we will continue to play lots of phonic games to help us improve our blending skills.

We will also use some simple words we are learning to write simple captions about planets.

### Communication and Language

We will be introducing Helicopter stories this week. We will become stories tellers making up all sorts of different stories to tell each other.

### BOOK CHANGE DAYS

MONDAYS  
THURSDAYS

### R.E

This week marks the first week of advent and we will learn that advent is a time of waiting and preparation for the birth of Jesus.

We will look at an advent wreath and find out why the candles are important.

### Topic

(Expressive Arts and Design and Understanding the World)

We have enjoyed learning about space and astronauts and have been making back packs, jet packs and helmets in the junk modelling areas.

This week we are going to use paper mache to make planets and will look closely at images of planets to choose the right colours to paint them.
