

Year 1

Weekly Learning

Information about some of the things we will be learning in the **Week Beginning 28th March**

R.E: Change

'A New Start'

We will be thinking about times when we need to make changes in our own lives. No-one is perfect and we all make mistakes at different times. We will reflect on how we and other people feel about this.

The Bible reminds us that God always loves, wants to forgive us and offers us the chance of A New Start. We learn that saying sorry is important – not only to other people but also to God because he wants us to follow his rule of loving one another.

Come, turn to Me

“Come back to me with all your heart.

Make a new start.

Turn to me for I am kind and understanding,
loving and gentle.

I am always ready to forgive you.

I will never change.”

(based on Joel 2:13)

PHSE

Positive Thinking

Our Big Questions this week are:

How can we be thankful for the things we have?

How can being thankful help to make us happy?

We will think about the things that make us happy and the good things that we have. We will remember the people we enjoy being with and the times/activities that make us feel good – and we are thankful for them. What a positive way to feel and be!

Being Grateful

How can we be grateful, or thankful, for what we have?

We can enjoy what we have.

We can think about those who are not as lucky as we are.

We can look after what we have.

Maths: Measurement

Mass / Weight

We will be comparing and weighing objects to find their **mass** and using the following words to say what we see:

**heavy heavier heaviest light lighter lightest
more less equal amount**

Using non-standard units (e.g. pencils or blocks), we will weigh different things on balance scales.

Capacity / Volume

Using different types of containers, we will describe and compare the amount of liquid or pourable material in them using these words:

full empty half-full more less equal amount

English

We continue our work on the story **No Room for Baby Roo**

Talking about the characters we meet in the story, we will create lists of words to describe them; how they look, feel and act. We will write sentences to match the different characters. Here is a version you can watch at home:

<https://www.youtube.com/watch?v=ixP7aZ0QPpg>

Recount Writing

As part of Walk and Wheel to School Week, we are excited to have a Scooter Skills workshop. We will be writing recounts to show what happened using words such as **First, Then, After that, Finally** to show the order of events and including how we felt about different parts of the experience.

Computing

We will keep practising how to Log In independently to access the school computers and the Purple Mash website. Our mouse skills will be developed as we further explore paint programs.

Music

We will be completing this unit by performing Round and Round, the song we have been learning, with percussion instruments.

P.E.

Please come to school in P.E. Clothes on P.E. days which are **Mondays and Thursdays for Class 1J** and **Thursdays and Fridays for Class 1S**

We are excited about the **Scooter Skills workshop on Monday when all pupils should be in active clothes and trainers please.** Activities include moving at safe speeds, changing direction, avoiding obstacles and stopping safely.

We also continue the gymnastics unit which develops our jumping/ landing skills – we are particularly focussing on landing safely with bent knees. Again, we move over and off larger apparatus.

Topic

Art and History – Australia

We loved learning about where Australia is and the types of places that are there.

Now we will be learning a little about the Aboriginal or Indigenous people of this country. There are ancient stories about the land and the animals and interesting art works. By looking at how some paintings are created using shapes filled with dot patterns and symbols, we will create our own pieces of art.
