

# Year 2

## Weekly learning

Information about some of the things we will be learning in the week beginning 15<sup>th</sup> November 2021

### English

This week we are innovating our own story. We have learnt the story of Cinderella and we are changing some of the details to make our own version.

The children will be making their own choices about; Where the party will be? What piece of clothing is left behind? How do the characters meet in the end?

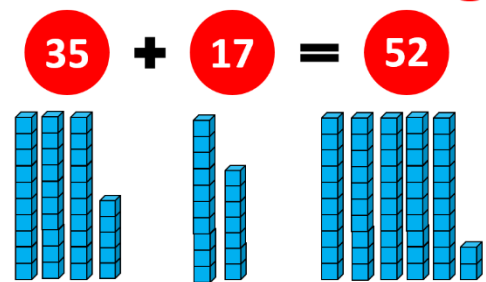

For example, we could have a party on the farm and a character leaves behind a welly boot. The next day they go round the town to find who the boot fits to find their new best friend.

### Maths:

This week we will continue to look at adding 2 two-digit numbers. It will be slightly trickier this week as we will cross tens when we add up the ones.

We will be using the tens and ones equipment to make sure we really understand how to combine the tens and ones when we are adding.

**Subtracting** - We will also be doing lots of counting backwards. Can you choose different starting numbers and see if your child can count back especially when they get to a multiple of ten. We will be using our fingers to count back for questions like  $45 - 4 =$   $39 - 5 =$

### RE:

This week in RE we will be listening to some bible stories and discussing them with the children. They will then build on their knowledge of the stories through lots of different activities. Some of the stories we will be looking at is 'Jesus feeds the 5000' and 'Jesus heals the paralysed man'. Children will then enjoy doing activities, such as, making puppets and masks to help re-tell the story.

## PE

This week we will continue working on our jumping skills. We will continue working on jumping from 2 feet to 2 feet forwards, backwards, side to side and with a quarter turn in each direction. We will also begin to work on standing on a line and jumping from 2 feet to 1 foot and freezing on our landing. After practising our skills, we will be putting together a sequence of different jumps and performing them to others.

**Our PE days:**

**2S Friday and Wednesday**

**2J Friday and Tuesday**

**Please come to school in PE clothes instead of uniform on these days.**

## Music

In our music lessons, we are beginning to look at music for Christmas. We have been learning a song called Ho Ho Ho by Joanna Mangona, which includes both melodic singing and rapping, and have investigated its structure.

Believe it or not we have also begun learning the songs for our Christmas show, which we will continue practising over the coming weeks.

## ICT

This week we have set some activities for your child to access on purple mash all about road safety. These include some colouring pages and making posters.

## Topic - Road Safety Awareness

This week we will be learning all about road safety and we will be doing lots of fun activities. We will be watching videos and hearing lots of information about how to stay safe when outside on the roads. We will use this information to make posters warning others of how they can also stay safe when crossing the road.
