

April 2023

Headteacher Summer Term 2023

Hello

A big welcome back to everyone after the Easter break.

We started the new term with an Easter Liturgy to remind the children that Eastertime is still with us and that we continue to celebrate the Good News that:

'Jesus is Alive'

The children helped to roll the big stone away on our Easter garden and decorated it with flowers. They sang our Easter songs beautifully and heard about how Jesus appeared to His friends many times after He had risen from the tomb – even sharing a breakfast with them! It was wonderful to see how smart and ready for the new term all the children looked. Their behaviour was excellent and it is clear to see how they are maturing in readiness for the new term and the move onto the next step in their school life.

Visiting the Pre-School children this morning it was wonderful to see how settled and happy they were in their play. They too are maturing in readiness for the new term and the move onto the next step in their school life.

At this time of year, many people across our communities are celebrating Easter in different ways and many other faiths are preparing and celebrating events special to them. It is important that our children recognise and respect times that are important and special to others. As well as important learning as part of the RE and PSHE Curriculum, this is key learning in ensuring our children begin to develop an understanding and awareness of the many different communities around them.

I wish everyone 'Easter Joy' and a happy term ahead.

Regards

Mrs Taylor
