

Year 2

I am special in God's eyes

Information about some of the things we have been learning at St Joseph's
in Year 2 this week. 27/11/23 to 1/12/23

Topic

This week, we have been comparing the Amazon Rainforest and Sherwood Forest by looking at the physical features that are similar and different. We have also been thinking about why the Amazon Rainforest should be protected and how we can help.

Maths

This week, we have been reviewing the different methods we have used for addition and subtraction. This has included using a hundred square, partitioning into tens and ones, using practical equipment, a number line and more. This has helped us show our understanding when we have been comparing different addition and subtraction number sentences using $<$ $>$ and $=$.

R.E. and Catholic Life

Following on from our learning about preparations, we have been thinking about how Isaiah told of the Promised One, who would be a light to guide everyone. We have also been learning about the Annunciation, where Gabriel gave the message to Mary that she needed to prepare to be the Mother of Jesus.

English

To finish off our learning on Jim and the Beanstalk, we have been creating our own mini books, which contain our fabulous final story of the trilogy. We have ensured that we are using our best presentation and checked our sentences for sense, punctuation and spellings. We are all very proud of our stories that we have created!

Information for next week:

- **PE Days:**
2S will be Monday and Friday
2J will be Tuesday and Thursday
