

Year 2

I am special in God's eyes

Information about some of the things we have been learning at St Joseph's
in Year 2 this week 26th February to 1st March

English

This week we have continued reading the Minpins by Roald Dahl but our focus has been on apostrophes for possession. We have been learning what they look like, what they are used for and how to use them in sentences. In addition, we have been creating facts about the Minpins using the information from the text.

Maths

Our focus has been learning about length this week. This has involved using both a ruler and a metre stick to measure a variety of different objects. We have learned how to measure accurately and some ways we might get the measurements wrong. Finally, we have been comparing, ordering and solving problems involving length.

Topic

In History, we have continued to think about Florence Nightingale and Mary Seacole but we have focussed on the many similarities and differences between them. Did you know the achievements of Mary Seacole were forgotten about for nearly 100 years? In Geography, we have been thinking about our local area and the differences between towns, cities and villages.

R.E.

As we have come to the end of our learning on Thanksgiving, we have been giving about ways we give thanks to God and how we can live our lives showing glory to Him. To celebrate our learning, we have written prayers as a class and as individuals as well as thinking about how we can use everything we have learned to spread the Good News in our own lives.

Information for next week:

- 2S' PE days are: Monday and Tuesday
- 2J's PE days are: Wednesday and Thursday
