

Reception

I am special in God's eyes

Information about some of the things we have been learning at St Joseph's
in Reception this week. 8.1.24 to 12.1.24

Topic

This week we have been finding out Antarctica and animals that live there, in particular Emperor Penguins. We have found out where the North and South pole are using a globe and have been building scientific research stations with lego and other building materials.

R.E.

This week we have learned that the 3 wise men or Magi took gifts to baby Jesus as a sign of respect. We have looked at images of Gold, Francinsense and Mhyrr and know that these were precious gifts. We have made and decorated our own gifts for Jesus.

Literacy

We have learned new vocabulary associated with penguins through the story 'The Emperor's Egg' as well as find out facts such as the male penguin looks after the egg under his feathers. We have written some of the facts we know in simple captions and displayed them in the classroom.

Maths

In maths we have been learning the different pairs of numbers that can be used to make 5 and finding 1 more and 1 less than numbers up to 5 using our fingers and other practical resources

Information for next week

- Please remember to send any reading books back into school
- P.E uniform on Friday
