	Weekly Learning Year 2 W.C 23 rd January			
Religious Education	English	Maths	Science	P.E
We are learning: how people in the parish use a hymn book and a missal during mass to help them to join in with the responses At home: Share the responses we have learned to use in school	We are learning: to describe a woodland setting so that it can be used in a story At home: Choose a setting from one of your favourite stories at home and think of interesting ways to describe it	We are learning: to make equal groups and introduce multiplication by adding equal groups. At home: <u>https://vimeo.com/7757535</u> <u>18</u> <u>https://vimeo.com/7757536</u> <u>93</u>		We are learning: challenging ourselves to use further different balances on a range of apparatus At home: (when it's dry) can you balance on different playground equipment?
History	Art / DT	Computing	Music	PSHE
	We are learning: about what makes a balanced diet At home: Identify the different food groups that make up your meals (carbohydrates, protein, dairy, fats, fruit and veg)	We are learning: create a table and block graph At home: make a simple table to collect data about the different type of vehicles that drive past your home.	We are learning: keep steady beats, pulses and rhythms when drumming and we are learning clapping games At home: Teach someone at home how to clap to '4 white horses'	We are continuing to learn: about the lives of others around the world. This week we are comparing similarities and differences in schooling. At home: Find out what school was like for your parents and grandparents.

Information for this week:
