

## Sunshine Room & Rainbow Room Weekly Learning 22.05.23

This week the children will have fun taking part in lots of physical activities: games, races, obstacle courses and a daily run/walk. Children will also be supported to be confident on the play equipment and to progress pedalling and ball skills.

We will be asking the children to share what they remember about our stories and special words. We will be revisiting activities and tasks from this term, to consolidate and celebrate the learning that has taken place.

The Pre-School team wish you a warm and restful May half-term holiday.

We return Monday 5<sup>th</sup> June 2023.
