

# Year 2

I am special in God's eyes

Information about some of the things we have been learning at St Joseph's  
in Year 2 this week. 29<sup>th</sup> January to 2<sup>nd</sup> February

## English

Moving on from the story, *The Bear Under The Stairs*, we have been learning about different types of bears and written a section of a report about bears. This has included thinking about their appearance, diet and other interesting facts. We have also been focusing on editing and how we can check our work for full stops, capital letters, spellings as well as checking for sense. At the end of the week, we did some creative writing based on an image. One image was a gigantic egg, which had hatched!

## Maths

We have continued our new learning this week linked to multiplication and division. This has included looking at how multiplication links to grouping and sharing. We have explored the two times table and we have seen how we can use different number sentences to make the same number eg. 5 multiplied by 4 equals 20 and how 2 multiplied by 5 added to 2 multiplied by 2 is also 20.

## Topic

The children have been enjoying finishing their aliens this week and reflecting on what went well in the making of their final product. In Science, we have been learning about different materials. We have discussed whether these materials are man made or nature made. Additionally we have been learning what houses can be made from and why these materials are suitable (or not)!

## R.E.

Our new RE topic is "Thanksgiving". We have been thinking about reasons we might be grateful for people and thought about how we can show thanks in various ways. Later we developed our learning by linking this to Jesus and the last supper.

## Information for next week:

- 2S' PE days are: Tuesday and Thursday
- 2J's PE days are: Tuesday and Wednesday
