

Literacy - The New Friend

<https://www.youtube.com/watch?v=Npcvxf5ScJM> Can you describe a time when you were at the seaside? What did you play with?

We will be listening carefully for the initial sounds of words in our story. Can we segment and blend simple words like **P-i-p, h-a-t, s-u-n?**

We will look at information books and use the internet to find out about the ocean and the different sea creatures that live there.

Learning @ Pre-School

Special Words

Sea (Ocean) - The sea is the salt water that covers large areas of our world.

Beach- A beach is the land at the edge of the sea. It is usually covered in sand or pebbles.

Collect- When you get lots of things and keep them together.

Dig- When you make a hole in the ground.

Maths

Focus Shape- Cones and spirals

We will use of different size shells and pebbles to guess how many and support maths language such as bigger, smaller, light, heavy, more, less.

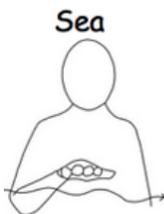

Posy gave Zac her last coin so that he could buy an ice cream. We will be thinking about how many pennies we might need to buy an ice cream.

Shell

Makaton Signs

Sea

Dig

Holiday

Being Physical-

Pip, Posy and Zac dug holes, made sandcastles, and played ball games.

We will dig in the sand using a variety of tools and fill our buckets to make sandcastles. I wonder what we could decorate them with...shells, pebbles, flags. Can we make a huge sandcastle together? Can you draw the spiral shape of a shell? Posy fell asleep on the beach. We will be listening to ocean music and use visualisation activities to calm our bodies.

Being Creative

Focus Colour- Shades of Blue

We all like holidays; what would you pack in your suitcase? How might we travel to our holiday destination, bus, train, car, or plane? We will be making tickets and passports to use on our travels.

We will set up an ice cream parlour and make ice cream cones to sell.

The World Around Us

-There are 5 big oceans; The Pacific, Atlantic, Arctic, Southern and Indian oceans.

We will look at a map/ globe to find out where they are in the world.

Our oceans are precious and home to lots of sea creatures. We will think about pollution and how important it is to collect our rubbish at the end of a day at the beach.
