

# Year 2

## Weekly Learning

Information about some of the things we will be learning in the week beginning 20<sup>th</sup> June 2022

### Healthy Week 2022

We will be outside lots this week please make sure your child has a hat and water bottle in school. They are able to wear sports clothing all week.

This week as part of healthy week we will be taking part in taster sessions in a range of sports.

These include:

- Archery      Skipping      Dance

We have sports visitors coming to lead these sessions alongside our class teachers.

### Maths

We will continue to learn to tell the time this week.

The following language will be used: **O'clock, half past, quarter past, quarter to**

Once the children are secure with these we will move onto telling the time to 5 minutes.

Games to play can be found here: <https://www.topmarks.co.uk/Search.aspx?q=telling+time>

**RE:** This week we will be finishing our topic of 'Rules' and will be planning a celebration to remember everything we have learnt! We will then begin our new topic in RE called 'Treasures'. We will start by thinking about what 'treasures' could mean and sharing our own treasures. We will make our own little treasure chests and write down our treasures.

**PE:** This week we will be continuing our learning of how to roll a ball, chase it and collect it in a balanced position. We will continue to explore doing this in different ways, such as, our partner rolling the ball for us, bouncing the ball and starting from a lying or seated position. We will also challenge ourselves to try chasing a large ball and letting it roll between our legs. We will then have fun applying these skills through games afterwards.

Please note there is a change to 2J's PE day.

Our PE days: 2S Tuesday and Friday 2J **Tuesday** and Friday

Please come to school in PE clothes instead of uniform on these days.

## Music

This week we will be listening to the Brandenburg Concerto No. 1 by Johann Sebastian Bach and will then discuss the following:

- What can you hear?
- How does the music make you feel?
- How old do you think the music is?
- Does the music tell a story?
- Do you like the music and why?

## ICT

This week we will add sounds to a tune to improve it. We will think about how music can be used to express feelings and create tunes which depict feelings. We will also learn how to change the volume of the background sounds.

## P.S.H.E. (Personal, Social, Health Education)

This week we will be discussing where money comes from and what 'jobs' are. We will talk about the jobs of people we know. We will learn that people get paid for doing jobs, and what things we are likely to spend our earnings on.

## Topic- Healthy Week

We will be doing lots of interesting activities this week to celebrate "Healthy Week". This will include Science (how to maintain a healthy heart and healthy diets) and art (making a whole class art piece in the style of Giuseppe Arcimboldo using pictures of fruits and vegetables). We will also be taking part in sports day.
