

# Year R

## WEEKLY LEARNING

Information about some of the things we will be learning in the week beginning 6<sup>th</sup> June

### Personal, Social and Emotional Development

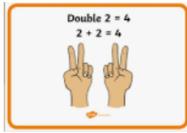

This half term we will be focusing on a transition in preparation for year 1. This week our daily timetable will become a little more structured as the balance of self chosen and adult led learning changes. We will also practice having our snack as part of our break time.

### BOOK CHANGE DAYS

*Please note the class teacher will change your child's book as they read with them. This means it will be changed at least once a week but the day may vary. Please ensure your child has their reading record and book in their bags at all times*

### Maths

In maths we will be learning about doubles. We will make doubles using objects and in drawings and learn the phrase - Double \_ is \_ .

For additional challenge we will be trying to solve problems where we use the total, for example 8 to help us identify which number has been doubled

### R.E

Our new topic is 'Friends'. During this topic we will learn about becoming friends of Jesus. To begin this week we will listen to the story of The Selfish Crocodile and reflect on how we are able to make friends and keep them in our own lives.

### Topic

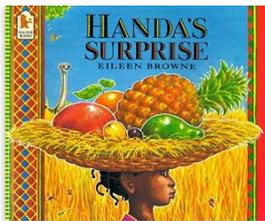

(Expressive Arts and Design and Understanding the World)

We will be learning about the fruits in the story of Handa's surprise. We will taste them, describe them, draw them and paint them.

### Literacy

This week we are focussing on the story of Handa's surprise in our literacy activities. We will be writing words to describe the fruits in the story and sequencing pictures of the events so that we can retell the story in our own drawings, captions and sentences.

We will continue to learn to read and write these words. Please practice them at home if you can

I of to the my no  
your said you he are go all  
like want me be her  
me she there was some so  
what there do

### P.E

In P.E this half term we will continue to practice throwing and catching and to make it more challenging we will be using smaller balls.
